SANITARY WARE

MADE IN INDIA

A brand story:

Holo Sanitary Wares Pvt. Ltd. is one of the largest manufacturers of sanitary wares in Morbi. With our manufacturing capacity of **2200** pieces per day, we can scale up to **3000** pieces per day, we are committed to meeting all the growing demands of our dearest valued customers.

Our state-of-the-art factory spans over **5,00,000 square feet**, with **3,00,000 square feet** of a constructed area. Also, having **2001 BHK** accommodated our skilled co-workers for a better life with a modern environment and positive work atmosphere.

Our esteemed directors bring a wealth of experience and expertise to **Holo Sanitary Wares Pvt. Ltd.**

Our Vision:

Our vision is to become the leading manufacturer of sanitary wares, setting industry standards and delivering exceptional products. Secondly, we are dedicated to pursuing excellence in quality and durability, ensuring that every piece reflects our commitment to excellence. Lastly, we strive to establish ourselves as the number one choice in the field of sanitary wares, enabling strong and successful relationships with our business associates.

At Holo Sanitary Wares Pvt. Ltd., we are dedicated to excellence, innovation, and sustainable practices that contribute to a better future while harvesting natural resources.

Mr. Amit Sachde with a background in the ceramic field since 2010, has previously worked at Somany Ceramics and has been involved in the industry since 2001.

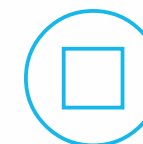

Mr. Girish Vadaviya brings his financial consultancy skills and extensive knowledge of the insurance industry since 2005, along with his expertise as a labour law consultant.

Together, their combined experience and dedication contribute to the success and growth of our company.

Also, we are committed to protecting the environment. Our initiatives include water conservation that minimises water consumption in our production. Our solar power systems and dependency on green fuel for 50% of our energy needs contribute to lowering our carbon footprint. Also, we work towards achieving 0% waste emission by recycling and reusing wastewater and materials.

MEET OUR TEAM

MANOJ GODHANI - HR Department

He has been an integral part of the ceramic industry since 2003. His expertise and leadership have played a pivotal role in driving success and efficiency. Our dedicated team of over 2000 workers under his guidance ensures the highest standards of production in all aspects of our operations.

MILAN THORIYA - Account Department

He possesses a deep understanding of account management and operations with over 10 years of experience in accounting. Notably, he has served as an accomplished accountant at Patidar Enterprise for over 5 years. His expertise contributed to the company's success.

MEHUL RATANPARA - Account department

He has been associated with the financial industry since 2011. As the Chief Accountant at Vinayak Corporation, their role has been instrumental in managing and overseeing all financial aspects of the company. Their expertise contributes to our commitment to maintaining financial stability and transparency.

DEEP SAVSANI - Marketing Department

He has been diving into the Sanitaryware industry since 2020. With a fresh perspective and enthusiasm, he made a significant impact. Also, while working as a Marketing Executive at Sezanza Wall Tiles for 2 years, he earned worthwhile expertise. That helps us to effectively promote and position our ceramic products.

HEMAL SHAH - Marketing Department

He is connect with business since 2000, he has different business owner like sanitaryware industries, paper mills, tile industries, and plastic industries. He has a big network of dealers and channel partners.

CHIRAG AERVADIYA - Production Department

He established a strong presence in the sanitaryware industry in 2016. With 2 years of valuable experience in Micron Industries, they have joined Bell Sanitaryware as Production Head. In their journey, they have honed their skills and earned a deep understanding of the field. With his industry knowledge, our team continues to deliver exceptional sanitaryware products to our valued customers.

KAMRAN CHANIYA - Production Department

With his expertise and a rich background in the sanitaryware industry since 2006, our team member ensures seamless operations under his expertise. Also, they served as a production manager at Simpolo Sanitaryware for 8 years and they held the position of production in charge at Eros for Sanitaryware for 9 years.

NITESH BHATASNA - Production Department

He had a longstanding association with the brass and coal industries since 1996. Their deep knowledge of production systems enables them to streamline processes and ensure efficiency. With his experience, our team embraces a seamless production approach that drives operational excellence.

NIMESH PANARA - Production Department

He has been connected with the ceramic industry since 2008. With his keen eye for detail and a commitment to ensuring superior product quality, our team member brings valuable insights to the table. Also, he served as a quality inspector at Somany Ceramics for 4 years and took on the role of a production engineer at Vintage Ceramic.

MAYANK VADAVIYA - Production department

The newest addition to the team he brings a fresh perspective to the sanitaryware industry. With a BSc. in Chemistry under their belt, they possess a strong foundation in the scientific aspects of our field. As a member of our quality department at Holo Sanitaryware Pvt. Ltd., they play a vital role in ensuring that our products meet the highest standards of excellence.

INTRODUCING
WATER SAVING CONCEPT

A back to wall toilet is installed directly onto a supportive wall meaning that all plumbing and waste pipes can flow straight into the wall making it hidden from view. The cistern can be concealed by a back to wall unit or within the wall itself making for better aesthetics and saving space

Installation instruction

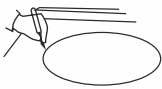

WALL HUNG BASIN

- 1) The rag bolt should be first grouted into the wall using cement/concrete, (as shown) as per distance between slots provided in the wash basin. The bolts should be fixed perpendicular to the wall. Allow cement/concrete to set. Check if the Rag Bolts are firmly fixed. Fix the Wash Basin in the bolt using Nut & Washer.
- 2) If brackets are use, prefer nylon or aluminum instead of iron brackets as it tends to rust.
- 3) If small basins are screwed to wall, use nylon washers and steel screws.
- 4) While fixing waste outlet, ensure that the rubber washer is placed on the outlet under the basin.

COUNTER WASHBASIN

- At the beginning
1. A skilled or experienced person should install counter lavatories.
 2. Avoid using adhesive with this product.
 3. Check the waste area and supply tubing if required.
 4. Do not open the lavatory from its protective carton until you are ready for installation.
 5. Please follow all local building and plumbing codes.

MATERIAL & TOOLS

Measure tape, keyhole or saber saw, Hammer, Glasses, Rage or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

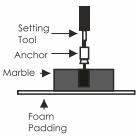

INSTALLATION OF LAVATORY

1. Please check the desired location for clearance between the back splash, faucet, fixture and cabinet.
 2. Please cut the template.
 3. Please carefully trace the template on the counter top as directed.
 4. Please mark the faucet hole centerline on the counter top.
 5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tools and hammer to secure the anchors.

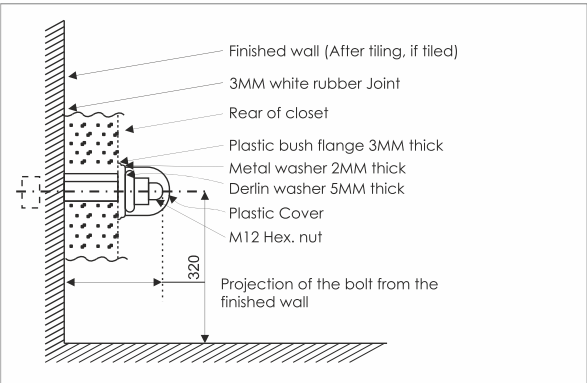

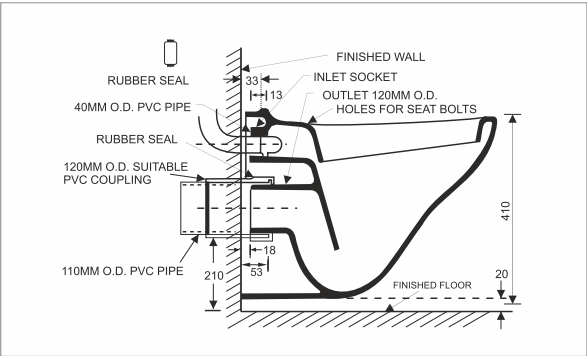

For All Installations :

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

INSTALLATION DETAILS OF WALL HUNG

CONCEALED WALLHUNG

1. If the wall is going to be plastered for a thickness of 12 mm and a tile thickness of 6-7 mm, the projection of the bolts from the finished wall should be 66mm only.
2. If the thickness of Plastering and tile is less than the dimensions mentioned above, the bolts that are supplied along with the bracket should be moved into the wall by using a suitable spacer washer between the bolt head and the bracket frame.
3. The bracket should be buried into the floor so that the height from the center line of the bolt to the surface of the finished floor is 320mm.

MAINTENANCE

Like any other part of your houses, the bathroom can be made to look great and made to last long if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

Wash Basin

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

Closets

Cleanser like harpic can be used to clear the closet with soft plastic brush, at least once a day. To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby. In case toilet and basins, if there has been no maintenance since long period of time, water deposit and discoloration can from on the surface of areas that get wet, In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid. Clean with a soft cotton cloth and warm water with soap. Do not use thinner, dry cleaning liquids or powder paste. Use a liquid cleaner at least twice a week. Use Brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
